

## Undergraduate Physics at SIU

*An intensive learning environment with the opportunity to participate in research under the guidance of world class faculty.*

### Degree Concentrations

- Physics
- Materials / Nanophysics
- Computational Physics
- Biophysics

### Active Physics Student Organizations

- SPS (Society of Physics Students)
- SAA (Saluki Astronomy Association)

### Why SIU Physics?

- Generous scholarships available to all applicants.
- Paid research opportunities for undergraduates.
- Very low unemployment for graduates < 4%.
- Excellent preparation for several career fields including:  
Education, Research, Law, Medicine, Business, Finance - the choice is up to you.
